

DISPLAY STANDS

Display Stands consist of a strong, lightweight, aluminium frame and a stretchy printed fabric cover.

The aluminium frame features a simple 'click together' mechanism and each part is numbered for quick, straight forward assembly. The cover is printed on the front and reverse as standard, and fits snugly over the frame. It is washable, and extra covers can be ordered separately.

These display stands give a superior presence at exhibitions and are ideal for permanent indoor office or studio props.

Display Stand frames utilise a simple 'click together' mechanism.

Each part is numbered for easy identification and quick assembly.

All **Display Stands** are supplied with a carry bag for easy transportation and storage.

BACKDROPS

Backdrops are made up of the same components as display stands but offer a much larger display area.

They are perfect for defining an exhibition area, or to section off a large room. They use one continuous graphic which means they completely eliminate the problem of visible join lines commonly encountered on the traditional multi-panel exhibition backdrops.

Both the front and the reverse of the backdrops can be printed, giving more room for a promotional message and increasing their functionality.

All backdrops are supplied with a carry bag for easy transportation and storage.

ACCESSORIES

EXTRA COVERS

Additional fabric covers are available to purchase for every product, excluding footstools and pop out banners, where the graphics are permanently attached to the frame.

LIGHTS

12W LED flood light for use with fabric display stands. Supplied with a C-shaped clamp for easy attachment and a 3m power lead.

Suitable for use with all products on pages 4-14.

CONNECTION KIT

Join multiple straight backdrops together to form L-shaped or U-shaped displays with the 90° kit, or longer, straight displays with the 180° kit.

Suitable for use with any straight backdrop.

BRIDGE

Attach a bridge to a straight backdrop to create an interactive display stand. Bridge measures 2300(h) x 800(w) x 1800(d) mm.

Supplied with a TV bracket and two feet. Suitable for use with any straight backdrop.

BOOTHS

Brand new in the UK. Make a private meeting space in an office area or divide up open plan rooms with these huge **Booths**.

Fabric Booths are perfect for exhibitions – just rent a 'space only' stand, and use the booth to create an eye-catching one-piece, ready formed stand, printed on all sides.

Using the same construction method as display stands and backdrops, these booths can be quickly assembled in exhibition areas or open plan offices.

Choose between the small or large 'C-shaped', U-shaped, or the sloped booth.

All booths are supplied with a carry bag for easy transportation and storage.

GAZEBOS

Gazebos are a versatile product. They provide abundant promotional space as well as shelter at outdoor events.

Choose your canopy style, either black unprinted, black unprinted with a personalised fascia, or a fully printed canopy. Then, add half height or full height walls.

Includes:

- Aluminium frame, pegs & guide rope
- Canopy (choice of three)
- Carry case

Optional extras:

- Full back wall, with single or double-sided print
- Half side wall, with single or double-sided print

The gazebo frame contracts to a compact size when not in use.

To erect, simply pull the four legs outwards - the frame will build itself.

Pop the canopy on top of the frame before it is fully stretched.

Arrange the four corners of the canopy over the frame securely.

CHOOSE YOUR FLAG MATERIAL

SINGLE SIDED

The lowest cost option. Your design will be printed one side. If viewed from behind, you'll see a mirror image on the reverse.

DOUBLE SIDED

Have a different message on each side of the flag, or show the same message on both sides – we put a blackout divider in between to prevent showthrough.

VENT WEAVE

For more exposed environments, opt for a single-sided vent material which allows maximum air to pass through.

CHOOSE YOUR BASE

CROSS BASE

For indoor or outdoor use on hard surfaces only.

SQUARE METAL BASE

For indoor or outdoor use on flat surfaces.

WALL MOUNT

For indoor or outdoor use on flat, solid walls.

GROUND SPIKE

Suitable for outdoor use on compacted ground.

WATER BASE

Outdoor on flat surfaces in moderate wind conditions.

WATER RING

Extra stability for Cross, Square or Water base.
